10. Voucher for ordering 'Special Brand' mobile phone connector (not included for each country)
11. Connection for ALCATEL connector

INSTALLATION

MOUNTING MR HANDSFREE

- Choose the place where you want to install the appliance, so that the length of the power cord (3) and the cable for mobile phone connection (4) is LONG enough to connect it with the cigar lighter socket and mobile phone.
- There are 2 mounting methods :
 1. *VELCRO mounting* :
 - Remove the cover of the adhesive piece of Velcro and press firmly in the correct location on the back of your mr Handsfree.
 - Remove the other cover of the adhesive piece of Velcro and press the appliance to the location in your car where you want to install your mr Handsfree .

Before you attach it to your car, make sure the location is free of dust.

2. Bracket Mounting (most advisable mounting method)

- Place the supplied bracket (6B) on the location where you want to install your mr Handsfree by using the screws.
- Place the mr Handsfree on the bracket first by pressing and than sliding it in the correct position. You will hear a click sound when the unit is installed correctly.

MOUNTING YOUR MOBILE PHONE

- Remove the cover of the adhesive piece on the back of the magnet (8B) and press firmly to the correct location on the back of your mobile phone.
- Remove the 2 covers of the adhesive pieces on the back of the magnetic holder (8A) and place it at the most convenient and visible location on your dashboard.
- Now you can attach your mobile phone to the magnetic holder.

MICROPHONE CONNECTION

- Place the microphone (5) on the dashboard using Velcro.
- Connect the microphone cord plug to the mr Handsfree microphone jack (1).
- Now use the three clips (7) to guide the microphone cord.

IMPORTANT !

For optimum performance, the microphone should be located at least 40-50 cm from the drivers' mouth. Make sure that the microphone is directed towards the driver.

POWER CONNECTION

- Do not operate your appliance on a positive ground electrical system.
- Remove the vehicle's cigar lighter from its socket and insert your mr Handsfree power cord (3) into the cigar lighter socket of your car. The LED indicator of the power plug will light **GREEN**.
- LED indicator of mr Handsfree unit will light **YELLOW**. This means that your mr Handsfree Car Kit is in ON position.

IMPORTANT !

MR HANDSFREE CAR KIT is equipped with ultra wide (12/24 V DC) power supply adapter. This makes it possible to use the mr Handsfree in vehicles with different values of on-board voltage.

Only ALCATEL connector CANNOT be used with 24 V DC.

MOBILE PHONE CONNECTION

- Connect the mr Handsfree mobile telephone cable (4) to your 'Special Brand' mobile phone connector (9).
- Connect this mr Handsfree 'Special Brand' mobile phone connector (9) to your mobile phone.

The mobile phone connector should be handled with care when connecting and disconnecting your mobile phone.

- Saving/charging function is activated now.

IMPORTANT !

- Always read the 'TROUBLE-SHOOTING' chapter p.4 carefully.
- The mr Handsfree 'Special Brand' mobile phone connector can be obtained by mail or directly from your local supplier.
- Due to the 'Special Brand' mobile phone connector which can be ordered separately for each mobile phone model (Nokia, Ericsson ...), your mr Handsfree is suited for any type of mobile phone.

OPERATION OF MR HANDSFREE

HOW TO SWITCH ON ?

- Insert your mr Handsfree power cord (3) into the cigar lighter of your car to switch mr Handsfree in ON-position.

- LED indicator lights **YELLOW**.
- To switch off, you simply plug out your power cord from cigar lighter.

HOW TO ANSWER A CALL ?

- Answer incoming calls as normal on your mobile phone.
- You can start the conversation immediately by speaking into the microphone (5).
- Adapt to the appropriate speaker-volume by using your mobile phone control panel.

HOW TO PLACE A CALL ?

- Dial the telephone number as normal on your mobile phone.
- You can start the conversation immediately after being connected by speaking into the microphone (5).

HOW TO END A CALL ?

- At the end of your conversation hang up your mobile phone as normal.
- The mr Handsfree speaker will switch off within 10 seconds after the end of the conversation or if no voice message is coming in, for your comfort.

TROUBLE-SHOOTING

If the mr Handsfree is not working:

- Check the power cord.
Make sure that the power cord is properly installed in the cigar lighter (power plug LED=**GREEN**).
- Is your cigar lighter clean and free from corrosion ?
- Check the mr Handsfree LED status :
When this LED is **YELLOW** your mr Handsfree should be working perfectly.
Speaker & microphone are switched ON.

IMPORTANT !

Check the 'Special Brand' mobile phone connector. If your mr Handsfree is not working you should immediately try to replace this mobile phone connector with another, new connector. This will probably be solution n° 1 in the case of malfunctioning of your mr Handsfree car kit!

MAINTENANCE

Please check following mr Handsfree maintenance TIPS to keep your kit in top condition:

- Do not leave the appliance in direct sunlight for long
- Do not expose the appliance to moisture
- Always unplug the power cable when not in use

***mr Handsfree wishes you a nice
and safe journey!***
